

## Daily life activities

### Task 1: monologue

While you are having coffee with a friend, you are talking about your jobs/studies. In about 2 minutes, tell your friend about your job/studies:

- Type of job/studies: describe them
- When did you start? How long? Your timetable
- Your workmates/classmates
- Your boss/ teachers
- Positive and negative aspects: if you like it or not and why...

You have 2 minutes to prepare your ideas individually.
